## Honeywell Road Show & KromAmericas Open House

Honeywell Process Measurement and Control road show technology trailer will be making a stop at the KromAmericas technology center located right next door to Loy Instrument. The trailer features the latest in transmitters, modular controls and recorders.

You will see a live firing of the KromShroder BIO burner as well as technical breakout sessions on:

- Honeywell wireless sensor technologies
- Honeywell/ KromSchroder Gas Trains
- Honeywell/ KromSchroder Flame Safety Demo
- Honeywell Slate Combustion & Safety Control System
